

Daydream

Daydream is designed as an affordable, flexible Block of the Month program. The monthly instructions are packaged complete in a single pattern, but can easily be divided to a package as a monthly program. There are 10 "steps" to this quilt, so you have the option of selling Daydream as:

- a 10 month program
- a 6 month program with a finishing kit
- an 8 or 9 month program by combining some of the "steps"
- a complete kit
- a class

Each quilt uses 12-5/8 yards of fabric for the top and binding.
